

# DCU Karting Society Covid-19 Protocol

Covid-19 Coordinators – Oisín McGovern, Niall Holligan

## **Before attending any DCU Karting Society events, all members will be notified of:**

- DCU Karting Society Protocol.
- Current HSE Guidelines.

## **To prevent the spread of covid-19, all members will be asked to do the following before participating in any events held or attended by DCU Karting Society.**

- Fill out a GDPR compliant health questionnaire.
- To follow all HSE guidelines and stay up to date with current information regarding the spread of covid-19.
- Wear face coverings unless in an outdoor space where social distancing is maintained.
- Adhere to social distancing.
- Use hand sanitizer when entering new spaces and to maintain good hand hygiene and cough etiquette at all times.
- To isolate and not attend any events if they display any symptoms of Covid-19.

## **In the event that a member begins displaying symptoms of covid-19 when attending an event:**

- One of the two Covid-19 coordinators will ensure they stay two meters away from any individuals.
- The Covid-19 coordinator will then assess the suspected case to ensure they are fit to return home to isolate.
- If the suspected case is in need of medical assistance, an ambulance will be called advising of a suspected Covid-19 case or the DCU first aid response can be called.
- The Covid-19 coordinator should remain with the suspected case to comfort them and ensure their safety if they are in need of medical assistance. This should be done at a safe distance of 2 meters or more.
- If the suspected case is not in need of medical assistance, they should be referred to one of the campus designated isolation rooms. They should be advised to cover their mouth and nose with a surgical mask or fabric when navigating to one of the isolation rooms.
- In all cases, management should be notified and a log of potential close contacts identified in the case the individual tests positive.

**Questions within the questionnaire will include:**

- Have you displayed any symptoms of Covid-19 in the last 10 days.
- If the individual is awaiting a Covid-19 test or Covid-19 result.
- If the individual has been in contact with a confirmed case or has been identified as a close contact in the last 10 days.
- If the individual has travelled abroad in the last 14 days, If so, have they received a negative PCR test 5 days after arrival into the country.

**If the answer to any of the questions constitutes a risk to other participants, the individual will not be allowed to participate.**
