

## Clubs & Societies | Code of Safe Practice *Self-Evaluation & Action Plan Template*

The Code of Safe Practice is a self-evaluation template and action plan that outlines how your Club/Society will manage your activities to ensure the safety and wellbeing of members and third parties who may be affected by the activities of the club/society.

Club/Society Officers have a key role to play in this regard and ultimately are responsible for ensuring that the club/society operates in a safe manner. Club/Society Officers are responsible for bringing to the attention of all members the contents of this document, and for ensuring that in so far as is practicable all members adhere to the contents. At all times you must operate to any safety guidelines as laid down by your National Governing Body of Sport or Organisation. If guidelines exist they must be appended to this document.

The Code of Safe Practice must be reviewed and submitted with the grant application on an annual basis to ensure that the contents are still relevant to the activities of the society/club. If the club/society is participating in new and additional activities that may have safety implications the officers should draw up a policy to state how the club/society is going to minimize the risk associated with those activities. The receipt of funding from CLC/SLC is contingent on the receipt of an up-to-date Code of Safe Practice.

### Club/Society Participation Statement

The activities undertaken by Dublin City University Clubs and Societies carry an element of risk, including the risk of injury and death. Participants should be aware of and accept these risks and be responsible for their own actions and involvement.

### Individual Responsibilities

- All participants in Club activities are responsible for their own actions and for making their own assessment of risks. If they are unsure about any issue or have any problems, questions or concerns it is the individual's responsibility to raise these with leaders or committee members.
- It is the responsibility of the individual to bring to the attention of any trip/activity leaders any known medical condition or previous injuries that may affect their or other Club member's safe participation in canoeing activities.
- Members are encouraged to seek further training at every opportunity.
- It is the responsibility of the individual to report any damage, loss or failure of club equipment to their Club's Equipment Officer. There should be adequate notices around club storage to ensure that this procedure is followed at all times.
- It is the responsibility of the Parent or Guardian of members under 18 to read and sign a membership form on behalf of the member before any activity can take place. The form is : Sample application form Junior Members' available at [www.dcu.ie/sports-wellbeing](http://www.dcu.ie/sports-wellbeing)
