

Clubs & Societies | Code of Safe Practice *Self-Evaluation & Action Plan Template*

The Code of Safe Practice is a self-evaluation template and action plan that outlines how your Club/Society will manage your activities to ensure the safety and wellbeing of members and third parties who may be affected by the activities of the club/society.

Club/Society Officers have a key role to play in this regard and ultimately are responsible for ensuring that the club/society operates in a safe manner. Club/Society Officers are responsible for bringing to the attention of all members the contents of this document, and for ensuring that in so far as is practicable all members adhere to the contents. At all times you must operate to any safety guidelines as laid down by your National Governing Body of Sport or Organisation. If guidelines exist they must be appended to this document.

The Code of Safe Practice must be reviewed and uploaded to the online management system on an annual basis to ensure that the contents are still relevant to the activities of the club/ society. If the club/society is participating in new and additional activities that may have safety implications the officers should draw up a policy to state how the club/society is going to minimize the risk associated with those activities. The receipt of funding from CLC/SLC is contingent on the receipt of an up-to-date Code of Safe Practice.
